

## **Department of Psychiatry Excellence in Clinical Services Award**

This award is presented annually to a faculty member in the Department of Psychiatry who has demonstrated exceptional clinical service to the department and thereby to the people of Southeastern Ontario. This award helps to advance the quality of mental health care in our geographic region by recognizing and rewarding excellence in quality clinical care. The recipient provides distinguished, comprehensive care, which serves as an example to others. He/she has a primary focus on provision of clinical services, rather than research or education.

The recipient provides care that is patient-centered and evidence-based. They provide appropriate access to multidisciplinary care through the involvement of specialists from a variety of disciplines to ensure expert care. They actively work with other health care organizations, health care providers, and the community to improve the quality of mental health care management across the continuum of care.

All Department of Psychiatry faculty members are eligible to be considered for this award. However, only those with a clinical focus will be considered for this award. Division Chairs or department members may make nominations. Nominations must be made using the appropriate nomination form, by March 15, 2017.

The selection of the award recipient will be made the Department of Psychiatry Council, which is chaired by the Chair of the Department of Psychiatry.

The award consists of an inscription on the Department of Psychiatry Excellence in Clinical Services Award Plaque.

The award will be presented at the Annual Department of Psychiatry Research Day.
