## LEARNING OBJECTIVES

Dr. T. Rajji: "Neurostimulation for Cognition in Alzheimer's Disease and High Risk Populations"

### Objectives:

1. To learn about role of prefrontal cortex in cognition in Alzheimer's disease and high risk populations
2. To learn about a novel neurophysiological approach to assess plasticity in the prefrontal cortex in healthy individuals and persons with Alzheimer's disease
3. To learn about neurostimulation approaches to enhance plasticity and prefrontal cortical in these populations
