"Innovative Solutions for  
Treatment of Depression  
in Pregnancy"

Queen's Psychiatry Grand Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada

**Learning Objectives on reverse**

**Upcoming Rounds: December 15, 2017 Grand Rounds**

**A light lunch will be provided prior to rounds**

## LEARNING OBJECTIVES

Simone Vigod: **“Innovative solutions for treatment of depression in pregnancy”**

### **Objectives:**

1. Enhanced knowledge of the challenges around treatment of depression in pregnancy
2. Skills to counsel parents and prospective parents with depression about the potential benefits and harms of treatment options for antenatal depression
3. Awareness of randomized controlled level evidence for innovative management options for pregnant women with depression
