“Brain Circuits and
Human Behaviour:
What can go wrong
and what can we do
about it?”

Queen's Psychiatry Grand Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada

Learning Objectives on reverse

Upcoming Rounds: June 1, 15 & 22 - Grand Rounds
June 8 Faculty Development

A light lunch will be provided prior to rounds

LEARNING OBJECTIVES

Dr. Nir Lipsman: “Brain Circuits and Human Behaviour: What can go wrong and what can we do about it?”

Objectives:

- 1) To learn about common brain circuit conditions and how these can be linked to dysfunction in key brain areas
- 2) To learn about emerging forms of neuromodulation in psychiatry
- 3) To learn about the challenges of direct-to-brain interventions in psychiatry
