Montreal, Quebec

“Are We Getting the Most  
from Early Intervention in  
Psychosis?  
Need for Re-examination  
and Innovation”

Queen's Psychiatry Grand Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada

**Learning Objectives on reverse**

**Upcoming Rounds:** *Friday, Nov. 30 at HDH*  
*Friday, Dec. 7 & 14 at PCH*

**A light lunch provided prior to rounds**

## LEARNING OBJECTIVES

Dr. A. Malla: “Are We Getting the Most from Early Intervention in Psychosis? Need for Re-examination and Innovation”

### Objectives:

1. To provide a historical review of early intervention service development in psychosis and evidence for its effectiveness.
2. To review limitations of what benefits of EIS are being realized currently.
3. To provide possible innovations that would increase the benefits of EIS beyond research settings.

*Department of Psychiatry Rounds  
are supported by education grants from the following companies:*

*Janssen, Inc.*
