“Neurophysiological correlates of cognitive deficits in adolescent suicide attempters”

Queen’s Psychiatry Grand Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada

Learning Objectives on reverse

Upcoming Rounds: September 2019

A light lunch will be provided prior to rounds
LEARNING OBJECTIVES

Dr. Addo Boafo & Dr. Paniz Tavakoli: Neurophysiological correlates of cognitive deficits in adolescent suicide attempters

Objectives:

1. Learn about some cognitive deficits that may be associated with suicidality.
2. Learn about the use of Event-Related Potentials (ERPs) to explore cognitive deficits that may be associated with suicidality

Department of Psychiatry Rounds are supported by education grants from the following companies:

Janssen, Inc.
Lundbeck
Otsuka
Sunovion
Purdue Pharma
Shire

Thank you for your continued support!
