& PCH Founders Hall

12:00–1:00 pm

Jose de Leon, MD
Professor – Colleges of Medicine and Pharmacy, University of Kentucky
Medical Director – Mental Health Research Centre at Eastern State Hospital

“Why do you keep telling me that Drug - Drug Interactions are important in Psychopharmacology when I do not see them in my clinical practice? My Failure to Convince Clinicians”

Queen’s Psychiatry Grand Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada

Upcoming Rounds:

A light lunch will be provided prior to rounds
LEARNING OBJECTIVES

Jose de Leon: “Why do you keep telling me that Drug – Drug Interactions are important in Psychopharmacology when I do not see them in my clinical practice? My Failure to Convince Clinicians”

Learning objectives:

1) open to the idea that drug-drug interactions in psychopharmacology may be important in patient care, and
2) able to describe the effect of inhibitors and inducers on drug metabolism.

Department of Psychiatry Rounds
are supported by education grants from the following companies:

Janssen, Inc.
Lundbeck
Otsuka
Sunovion
Purdue Pharma
Shire

Thank you for your continued support!
