"Hype or Revolution:
Will Novel
Technologies Really
Change Psychiatric
Care?"

Queen's Psychiatry Grand Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada

**Upcoming Rounds: Feb. 28 at PCH;
March 6, 13 & 27 at HDH**

A light lunch will be provided prior to rounds

LEARNING OBJECTIVES

Drs. C. Soares and N. Alavi: **“Hype or Revolution: Will Novel Technologies Really Change Psychiatric Care?”**

Learning objectives:

1. *To introduce the concept of mobile health technologies applied to mental health clinical and academic (research, education) settings*
2. *To understand how digital phenotypes could inform patients' care and enhance relapse prevention strategies*
3. *To appreciate the applicability of electronic cognitive behavioural therapy for mood and anxiety disorders*

*Department of Psychiatry Rounds
are supported by education grants from the following companies:*

Janssen, Inc.

Lundbeck

Otsuka

Sunovion

Purdue Pharma

Shire

Thank you for your continued support!
