“Concepts of Psychiatry
as applied to clinical
practice”

Queen's Psychiatry Grand Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada

Upcoming Rounds: November 27 VIA ZOOM

LEARNING OBJECTIVES

Dr. N. Ghaemi: “Concepts of Psychiatry as applied to clinical practice”

Objectives:

1. To examine whether psychiatric medications are symptomatic or disease-modifying
2. To apply the historically accurate Hippocratic approach to medical practice, which discourages symptom-oriented treatment
3. To explore the implications of this approach to psychopharmacology in modern clinical practice
