

Queen's University
Department of Psychiatry
GRAND ROUNDS

Friday, October 16, 2020

VIA ZOOM (link to follow)

12:00–1:00 pm

Paul Lesperance, M.D.

Professor of Psychiatry
University of Montreal
Director - Neuromodulation Unit
CHUM

“Is neuromodulation following DSM criteria to the grave? The promise of neuromodulation - the complexity of patients”

Queen's Psychiatry Grand Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada

Upcoming Rounds: Oct. 30 VIA ZOOM

LEARNING OBJECTIVES

Dr. Lesperance: “Is neuromodulation following DSM criteria to the grave? The promise of neuromodulation - the complexity of patients”

Objectives:

Attendees will be able to:

1. Discuss, Hitop, RDocs, symptoms network classifications, where they share and differ with DSM, and how they may help us rethink biology of mental illness
2. Discuss the interest and limits of some neuromodulation technologies (rtms and VNS), yet will be able to recognize its potential in difficult to treat patients
3. Identify where these technologies fit in a clinical trajectory
