University of Ottawa

Investigator - Ottawa Hospital

Research Institute

**“Efficacy and Safety of
Medications in Mental
Disorders in Adults: Just
the Evidence”**

Queen's Psychiatry Grand Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada

Upcoming Rounds: February 11 & 25, 2022

LEARNING OBJECTIVES

Dr. M. Solmi: “**Efficacy and Safety of Medications in Mental Disorders in Adults: Just the Evidence**”

Objectives:

1. Understand the role of antipsychotics and long-acting formulations on mortality in schizophrenia
2. Develop critical interpretation of findings from observational studies on safety of antidepressants
3. Consider physical health in the decision-making process of first-line pharmacological treatment of mental disorders

*Department of Psychiatry Rounds
are supported by education grants from the following companies:*

*Janssen, Inc.
Lundbeck
