

Department of Psychiatry Excellence in Clinical Services Award

This award is presented annually to a faculty member in the Department of Psychiatry who has demonstrated exceptional clinical service to the Department and thereby to the communities of Southeastern Ontario. This award was designed to promote the advancement of the quality of mental health care in our geographic region by recognizing and rewarding excellence in the delivery and quality of clinical care. The recipient provides distinguished, comprehensive care, which serves as an example to others.

The recipient provides care that is patient-centered and evidence-based. They provide appropriate access to multidisciplinary care from a variety of disciplines to ensure comprehensive care. They actively collaborate with health care organizations, health care providers, and the community services to improve the quality of mental health care and provide continuum of care.

Eligibility:

All Department of Psychiatry faculty members are eligible to be considered for this award.

Division Chairs or Department members may make nominations. Nominations must be made using the appropriate nomination form, by March 1, 2022.

The selection of the award recipient will be made by a Department of Psychiatry Committee, which is chaired by the Chair of the Department of Psychiatry.

The award consists of an inscription on the Department of Psychiatry Excellence in Clinical Services Award Plaque.
