

Department of Psychiatry Resident Research Award

This is awarded for excellence in research either conducted during the academic year of the award, or for sustained and significant involvement in research over two or more years of residency. The recipient will be chosen by the Research Committee from nominations provided to the Committee by March 13, 2020.

Candidates can be nominated by others or by themselves. The criteria below must be completed and must be e-mailed to Susan Beck (becks@providencecare.ca) prior to the March 13th deadline.

The award consists of a \$500 cheque and an inscription on the Resident Research Award Plaque.

The award will be presented at the Annual Department of Psychiatry Research Day. The successful nominee will be notified prior to the Research Day and will be encouraged to give a presentation of their research.

If a suitable candidate is not nominated in any given year, the award will not be presented.

Criteria: Please complete the attached form and e-mail to Susan Beck (becks@providencecare.ca) before March 13, 2020.

Department of Psychiatry Resident Research Award

Please complete the following information. If a section is not relevant, please indicate not applicable.
