

Academic Child and Adolescent Psychiatrist
Department of Psychiatry
Queen's Health Sciences

Position Overview

The Department of Psychiatry at Queen's University at Kingston invites applications for a **Clinical Academic Child and Adolescent Psychiatrist appointment with experience in the care of children and adolescents with complex and comorbid mental and physical health conditions**. The successful candidate will play a key role in advancing clinical care and academic/scholarly service in the field of Child and Adolescent Psychiatry. This position is to fill an existing vacancy in the University.

This position is designed for a psychiatrist clinician with broad clinical experience and a demonstrated interest or established record in **academic and clinical leadership**, with opportunities for progressive advancement in clinical administration, program development, and academic governance.

The successful incumbent will be expected to provide clinical services across **inpatient, ambulatory, and community** settings. Deliver expert assessment and treatment for children and adolescents experiencing **psychiatric disorders, and medical-psychiatric comorbidities**. Work collaboratively within **interdisciplinary teams** and with **regional partners**, including hospitals, primary care, long-term care homes, and community agencies. The incumbent will contribute to **undergraduate, postgraduate, and continuing professional education**. Participate in and/or lead **scholarly, quality improvement, or research initiatives** aligned with the Department's academic mission and with support from hospital resources.

Qualified applicants will hold an MD degree (or equivalent) and be eligible for licensure by the **College of Physicians and Surgeons of Ontario**. They will also hold or be eligible for certification in Psychiatry from the **Royal College of Physicians and Surgeons of Canada** (or equivalent). Candidates must demonstrate expertise in **psychiatric care**, including experience in inpatient, outpatient, and community settings, show evidence of leadership ability in academic or clinical settings. Candidates must also demonstrate a commitment to **excellence in clinical care, education, and scholarly activity** and uphold Queen's commitments to **equity, diversity, inclusion, and Indigeneity (EDI)** in both clinical and academic practice.

Why Queen's

Queen's University is recognized nationally for the quality of its undergraduate and graduate programs, which attracts outstanding students. Queen's University is an integral part of the vibrant Kingston community in the heart of the Thousand Islands region of southeastern Ontario. It has a community spirit and amenities unmatched by any other Canadian university. The University and the region offer an outstanding academic and community environment (www.queensu.ca).

Queen's University is a research-intensive institution with a strong commitment to academic excellence. The Department of Psychiatry supports robust interdisciplinary collaboration, innovative models of care, and a vibrant academic culture. The successful candidate will join a collegial department committed to strengthening seniors' mental health services and advancing academic leadership across the region.

Kingston is a vibrant waterfront city with short commutes, excellent schools, outdoor recreation, and proximity to Toronto, Ottawa, and Montreal. Kingston and its thriving community make it an ideal setting for professionals and families.

Members of the Department of Psychiatry enjoy competitive compensation and benefits packages. Compensation is determined in accordance with the Department's Practice Plan policies for clinical academic faculty. For additional information regarding compensation structures for this position, please contact Dr. Zena Samaan. Academic rank will be commensurate with experience.

Faculty and their dependents are eligible for an extensive benefits package including prescription drug coverage, vision care, dental care, long term disability insurance, life insurance and access to the Employee and Family Assistance Program. Employees also participate in a pension plan. Tuition assistance is available for qualifying employees, their spouses and dependent children. Queen's values families and is pleased to provide a 'top up' to government parental leave benefits for eligible employees on maternity/parental leave. In addition, Queen's provides partial reimbursement for eligible daycare expenses for employees with dependent children in daycare. For more information on employee benefits, see [Queen's Human Resources](#).

How to Apply

The University invites applications from all qualified individuals and is strongly committed to employment equity, diversity, and inclusion in the workplace. Queen's encourages applications from Black, racialized/visible minority and Indigenous people, women, persons with disabilities, and 2SLGBTQ+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents will be given priority. Applicants are asked to indicate whether they have valid legal work status in Canada.

The University will provide support throughout the recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs. If you require accommodation during the interview process, please contact Krista Robertson at krista.robertson@queensu.ca.

Those interested in this position should submit a complete application package, including the following documents:

- a cover letter, summarizing expertise, qualifications, and accomplishments relevant to the position. The cover letter should also indicate whether or not you will require a work permit and/or require support with an extension of your work permit in the future.
- a current Curriculum Vitae; and,
- the names and full contact information of three referees.

Review of applications will begin immediately and will continue until the position is filled.

Complete applications are to be directed to:
